

# Plettenberg Bay & George

NATIONAL  
RENAL CARE

## Holiday DIALYSIS SERVICES

### Plettenberg Bay

is the jewel of The Garden Route and is tranquil and charming, hospitable and rather special. Originally christened "Bahia Formosa" (beautiful bay) by early Portuguese explorers, Plettenberg Bay offers the visitor miles of sweeping, unspoilt golden beaches, a dramatic rocky peninsula, intriguing lagoons and estuaries, towering indigenous forests and unpolluted rivers and sea. With its exceptional climate and beautiful view sites over the Indian Ocean, Plettenberg Bay is perfect for tourists interested in exploring, watching or just lazing.

### George

is at the center of Nature's Garden Route and nestles at the foot of the Outeniqua Mountains. The George airport connects you to and from all the main centers in South Africa and main roads and rail, link with the Klein Karoo hinterland. Board the Outeniqua Choo-Tjoe from George, for a once in a lifetime, museum to museum rail experience. Travel from The Outeniqua Transport Museum in George and past the scenic Groot & Kleinbrak Rivers, to the Diaz Museum Complex in Mosselbay back to George.
